Career & Technical Education  
Share Time High School Program

## Allied Health Share Time High School Program

The Allied Health Institute is a unique opportunity for Morris County High School juniors and seniors to take healthcare courses and complete a two-year clinical internship at Chilton Hospital. The program is run by a partnership between Morris County Vocational School District, Pequannock High School and Chilton Hospital.

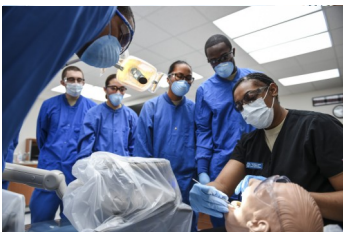

This program is for 11th and 12th grade Morris County students who are interested in pursuing careers or postsecondary education in the health-care industry.

Over the course of the two-year program, students take college credit-bearing health care courses at Pequannock and also participate in a clinical internship at Chilton Hospital in numerous departments, such as Emergency Department, Radiology, ICU, Wound Center, Outpatient, Nutrition/Dietary, Orthopedics among other areas.

### Unique Features:

- 12 Rutgers School of Health Professions credits earned junior year
- 2 days per week spent junior year at Chilton Hospital working in various departments
- 6 Rutgers School of Health Professions credits earned senior year
- 3 days per week spent senior year at Chilton Hospital working in specific departments
- Senior year capstone project/show case
- Morning and afternoon sessions available
  - \* AM Session: 7:29-10:42
  - \* PM Session: 11:27-2:40
